Problem parking area?

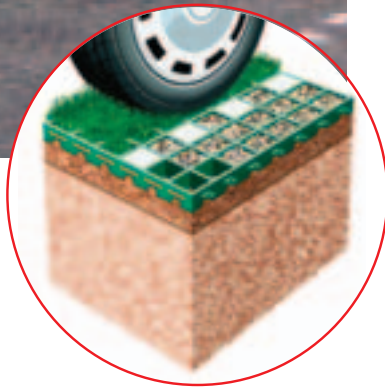

The old solution

The Ecoblock solution

# Available for grass or gravel applications

## GRAVEL APPLICATION

Products required  
50mm Ecoblock  
Decorative angular gravel  
Bedding Layer  
Sub Base  
Geotextile

## GRASS APPLICATION

Products required  
50mm Ecoblock  
Rootzone  
Grass Seed  
Bedding Layer  
Sub Base  
Geotextile

## PRODUCT INFORMATION:

Length: 500mm  
Width: 500mm  
Height: 50mm or 80mm  
Units per m<sup>2</sup>: 4  
Colour: Green  
Material: 97% recycled plastic

Please Note: If the application is over 4m wide or of a gradient greater than 1:10, edge restraints are required (concrete kerbs) around the area where the Ecoblock is being used.

For grass applications, normal grass maintenance is required.
